

# FELLERS

BLACK LABEL

The 16oz Double-Sided Blockout material is specifically engineered to provide maximum opacity with a super smooth print face. This material boasts the highest print quality on both sides of the material. The fabric scrim is encapsulated during a special coating process that won't allow the film to delaminate after extended use. Excellent choice for pole banners.

## Key Features:

- 500 x 500 denier
- Smoothest double-sided print face in the market
- Excellent ink adhesion for the highest print quality
- High quality matte finish
- Fade and tear resistant
- Buy and Try Guarantee
- Print compatibility: Solvent, Eco-Solvent, Latex and UV

**Available Sizes:** 38" and 54" x 150 ft
