

ENGINEERED FOR EXCELLENCE

# ORAGUARD<sup>®</sup> 2815<sup>+</sup>

PAINT  
PROTECTION FILM

GRAPHIC SOLUTIONS

## Ultimate Surface Protection

ORAGUARD® Paint Protection Films are engineered to be virtually invisible while offering exceptional protection for a variety of surfaces. Designed specifically for automotive use, ORAGUARD® 2815 provides an unmatched defense for paint surfaces like hoods, fenders, bumpers, and door edges. These films are also perfect for motorcycles, bicycles, aerospace, marine vehicles, and various electronics.

The ORAGUARD® 2815+ range features a lotus effect hydrophobic topcoat that provides exceptional chemical resistance and enhanced dirt-repellent properties. The cutting-edge coating effectively minimizes surface contamination and degradation, ensuring prolonged optical clarity and resistance to yellowing over extended periods.

Available in both gloss and matte finishes, 60" x 50 ft rolls.

## ENGINEERED PERFORMANCE

- /// Enhanced self-healing properties
- /// Exceptional chemical resistance
- /// Dirt repellent properties
- /// Unparalleled optical clarity
- /// Yellowing resistant
