## WRAPITRIGHT.COM

WrapItRight.com gives you access to expert advice and tutorials from industry leaders and specialists!

- ▶ How-to video library featuring vehicle wraps, commercial signage, and digital printing techniques.
- ▶ Create custom playlists and watch videos later.
- ▶ Get updates on Trade Shows and Training Events.

Throughout this brochure you will see companion how-to videos featuring recommended methods and techniques. Videos can be accessed by using the QR code or visiting [wrapitright.com](http://wrapitright.com).

## Arlon Technology

**FLITE**<sup>™</sup>  
TECHNOLOGY

**FLITE Technology™:** Arlon's brand name for our lite contact system which allows graphics to float over a substrate until firm pressure is applied. FLITE Technology™ guarantees the fastest install while ensuring long-term bond and clean removability.

**X-Scape**<sup>™</sup>  
TECHNOLOGY

**X-Scape Technology™:** Arlon's brand name for our air-egress technology which allows air to release through tiny channels in the adhesive backed vinyl used for fleet, vehicle and general signage applications. X-Scape Technology™ allows installers to achieve a speedy installation while maintaining a high enough tack to ensure long-term bond.

## KEEP IT COOL FOR MAXIMUM Shelf Life

Did you know that you can avoid potential problems like mottling, curling and inconsistencies in release liners by storing your film at its recommended temperatures. Excess humidity and heat can greatly affect a film's shelf life—so keep your rolls cool and dry!

# Low Cost, High Potential

Make a big picture statement with our range of banner material. Block out the competition but not your creativity. Seeing is believing!

DPF 303

## Yarn Denier Explained

The strength of a scrim banner is determined by the denier. The denier is the thickness of the thread; the higher the denier, the stronger the banner. 1000 Denier (1000D) banner means that a single thread has been twisted 1000 times to the finished length of an inch (think: string vs rope).

\* Custom widths and lengths available by custom order ♣ Only available in 40 yard length ▲ DPF 310BB is available by custom order ♦ Double-sided printing recommended on Matte
