

6 Mil Printable Reflective Wrap

The Fellers Black Label Printable Reflective Wrap features a white beaded reflective film paired with a clear, permanent, air-egress repositionable adhesive. This advanced technology allows for fast and easy installation. The white film prints beautifully and is an excellent choice for commercial fleet graphics, bus stops, utility markings, and more.

Film	
Film Type	White Beaded Reflective
Film Thickness (mils / microns)	6 mil
Gloss (60°)	80
Tensile Strength (psi)	27 N/25MM
Elongation (%)	110%
Adhesive	
Adhesive Type	Permanent
Adhesive Color	Clear
Liner	
Liner Weight (# per ream) / (g/m ²)	90#
Liner Type	DSPE Air Release
Performance Guidance	
Application Temperature	50 °F to 80 °F
Service Temperature	-55 °F to 180 °F
Shelf Life (in years)	1 year
Storage Temp / Rel. Humidity	70 °F / 50%
Outdoor Durability (in years)	7 years
Printers / Ink Compatibility	Solvent, Eco-Solvent, Latex, UV
Additional	
Additional Technician Notes	Qualifies for FBL Buy and Try Program Recommended laminate: FBL Optically Clear Cast

Disclaimer

All data provided in this document is based upon tests executed by Fellers or their manufacturing partners and determined to be reliable information. Results may represent an average and any minimum or maximum values provided should be considered as a recommendation based on average circumstances. In the end, it is up to the end user to determine at their risk if the product is right for the desired application and outcome. These settings do not provide or imply a guarantee of the products use, outdoor durability, removability, or printability. In general, non-vertical applications can result in a reduced performance of 50% or more. This information is subject to change at any time without notice.
