

4 Mil, 6 Mil, & 10 Mil Textured Overlaminates

Fellers Black Label Textured Laminates provide enhanced protection for graphics installed in high traffic areas. These laminates offer a textured face for additional wear protection and non-slip as well as adding a unique aesthetic upgrade. The rugged design is offered in 4, 6 or 10 mil options to fit any lamination requirements necessary.

Benefits:

- Textured films for high traffic areas
- Textured film offers increased durability and wear compared to standard PVC laminates
- 4, 6, or 10 mil thickness options offer variety for multiple applications
- PET liner offers a smooth clear adhesive coat for high quality lamination
- Heat assist recommended for optimal lamination output
- Not recommended for UV ink printed graphics
- Try risk-free with our Buy & Try Guarantee
- Available in 54" x 150'

Suggested Uses:

- Interior Countertop Graphics
- Smooth Interior Floor
- General Signage
- POP/Retail
