

FELLERS

B L A C K L A B E L

Fellers Black Label has done it again! This unique and proprietary film allows for cold weather outdoor installations in conditions as low as 10° F. The adhesive is formulated to adhere to surface energies that fluctuate in low temperature situations for an excellent bond to the application surface.

Key Features:

- Clear solvent low temp adhesive
- High performance white polymeric 4-mil PVC Film
- 4 year outdoor durability, removable up to 12 mo.
- Buy and Try Guarantee
- Print compatibility: Solvent, Eco-Solvent, Latex and UV

Available Sizes: 54" x 150 ft
