April | Multi-print Media

*Versatile, high-quality media for interior and exterior marking and signage.*

# A True **REBEL**® Always Stands Out

Designed with our customers in mind, Mactac® REBEL® does it all...and then some.

- **Printability** – REBEL can be printed on multiple print platforms, including:
  - UV and solvent screen printing
  - Solvent, eco-solvent, latex printing
  - UV inkjet, flexo and offset printing
  - Jetrion printing
  - Thermal transfer printing
- **Versatility** – Available in bright white, matte and clear finishes, REBEL comes in a variety of roll sizes and widths, custom rolls and sheets available upon request.
- **Capability** – Covered by the Mactac Open-Image Warranty<sup>SM</sup> to guarantee compatibility and durability, REBEL features a 90# Superflat<sup>TM</sup> liner.
- **Opacity** – 99% opacity is built into REBEL's RB500 Series high-performance facestock, therefore eliminating pigment interference to ensure pure adhesion to the substrate.
- **Quality** – Consistently good quality, priced with value, and warranted with leading third party screen ink manufacturers

## Always STANDS OUT.

### Open-Image Warranty<sup>SM</sup> Peace of Mind. Guaranteed.

From products to service, expertise and training, Mactac® has you covered. And, we back your decisions with our Open-Image Warranty, which covers any combination of approved printer, ink and laminate or clear coat used with Mactac graphic media. Provide us with your selections and if we've already tested that specific combination, you're covered. If not, we will run a comprehensive series of tests to ensure the combination works, and then either warrant your application or provide an alternative recommendation.

We stand behind you. And, we work with the leading printer and ink suppliers to ensure product compatibility and durability.
