# ORAJET® 3954

## Brick Stone Film

An ideal choice for wrapping textured surfaces, ORAJET® 3954 Brick Stone Film features a permanent, grey solvent polyacrylate adhesive. Series 3954 is a 1-year (unprinted), 2-mil film that possesses unique stretching capabilities perfect for unsealed textured surfaces including brick, concrete block, and poured concrete. Series 3954 was developed for latex, solvent, eco-solvent and UV curable printing with a gloss surface that provides exceptionally sharp and brilliant images.

Recommended for use with ORAGUARD® 290 Premium Cast PVC Laminating Film.
