- Clean, seal and protect just finished or older wraps
- Long lasting protection with a brilliant shine
- Contains anti-statics for dust repellent.
- Continued use ensures that dirt, dust and other contaminants come off easier as they adhere to the coating of **Wrap Care AFTER CARE-JP** and not your on your investment!!
- Mother Nature and general conditions can cause color vinyl & images to look dull. **Wrap Care AFTER CARE-JP** contains color depth enhancers to combat this.
- A Spray on - Wipe on - Wipe off Technology. Sets up immediately!
- Use on vinyl, paint, glass, plastic and other solid surfaces.
- No VOC/No Petroleum Solvents/No Listed Hazardous Materials

Directions for use:

Use 2 clean twice folded microfiber towels

1. Spray onto a clean folded microfiber towel to presoak towel (1 time).

2. Spray onto and area of vinyl and gently wipe with the pre-soaked micro fiber towel.

3. Use second dry micro fiber towel to buff and shine surface.

Repeat steps 2 and 3 until all sections are treated and clean.

For paint, glass and other surfaces, follow same directions as above.

Recommended To Use
