Recommended To Use

WRAP CARE AFTER CARE JP-M

Cleans, Seals and Protects Matte and other finishes • CCPCG042JPQ

- Matte: Cleans and protects while leaving an original matte look.
- Non-Matte: Cleans, protects and enhances reflection.
- Use on just finished or older wraps to clean, and protect.
- Continued use ensures that dirt, dust and other contaminants wipe off easier as they adhere to the coating of **Wrap Care AFTER CARE JP-M** and not on your vinyl wrap.
- A Spray on - Wipe on - Wipe off Technology.
- Use on vinyl, paint, glass, plastic and other solid surfaces.

No Petroleum Solvents/No Listed Hazardous Materials

Directions for use:

Use 2 clean twice folded microfiber towels.

1. Spray onto a clean folded microfiber towel to presoak towel (1 time).
 2. Spray onto an area of vinyl and wipe with the pre-soaked micro fiber towel.
 3. Use second dry micro fiber towel to buff and shine surface.
- Repeat steps 1 and 3 until all sections are treated and clean.

For paint, glass and other surfaces, follow same directions as above.
